

COUNCIL OF PRESIDENTS

Representing Associations Under Chapter 493, Florida Statutes

Statement of Unity

We, the undersigned duly elected presidents of the professional associations representing licensees governed under Chapter 493, Florida Statutes, specifically representing The Florida Association of Security Companies, The Florida Association of Licensed Investigators and Florida Alliance of Certified Asset Recovery Specialists, come together in an effort of creating a spirit of cooperation. We pledge our support for each other in order to better our respective industries by creating a single voice for all licensees for the purpose of influencing political, regulatory and business practices that affect us all.

As of this day, let it be known that we have agreed to form a "Council of Presidents" comprised of the presidents of these associations collectively representing Chapter 493 licensees. This Council will have meetings to seek input from its members regarding issues of common concern and to serve as a conduit of information to the association members and government alike.

We intend to influence and shape the future of our industries within the state of Florida by crafting new initiatives to the challenges we face and by generating new resolutions that will lead us into the future. We do this in an effort to enhance a greater protection of the public, to craft a more responsible image of our professions and to establish a coordinated and unified evolution of Chapter 493 and the professions we represent.

By affixing our signatures hereto, on behalf of the associations we represent, we agree to work for a common purpose and to abide by the majority vote of the Council.
